BUILDING DATE: mid 19th century? pre-1877

126 Cumberland Street is a south-facing, horizontally massed, two-story, four-bay, frame, attached, commercial structure. The building, which is set directly at the public-right-of-way, has been covered in manufactured siding. It has a side-gable, corrugated metal roof. The front facade has been altered--windows have been boarded up on the first floor and one of the two entrances has been blocked. The second floor has double-hung two-over-two windows.

Two buildings, which together form a similar configuration are indicated on the 1877 map as being owned by Mrs. Neigh and Mrs. Fontz. The 1922 Sanborn map shows the buildings as 122 (an office) and 123 (a dwelling) Cumberland Street. They were converted into a store under a single roof after that time.

The building is within the Western Maryland Geographic Organization, the probable Development Period of Agricultural-Industrial Transition, and falls within the Historic Period Themes of Economic; and Architecture, Landscape Architecture, and Community Planning.
